### My Pages Talk Recorder

Have your whole class sing into the recorder and then decorate, so your teacher will remember 2009-2010!

## *Great Ideas to Share!*

### *Teacher Appreciation Gifts*

*Have your child (or class) "tell" their teacher just how much they are loved!*

Turn the "My Pages Talk" 30 second voice recorder into a magnet decorated just for teacher. Then have your child record a message telling their teacher why they are the greatest.

These decorated samples have been embellished using paints, inks, papers, ribbons and stickers.

Magnet tape was then simply adhered to the back of the recorder.

They really are as easy as 1, 2, 3!

My Pages Talk has also come up with a cute little poem that can be attached to the decorated recorder. It goes like this... **This is a little magnet; I made it just for you, To tell you that I love you and thanks for all you do! There is a little button on the front for you to press, That plays a**

special message for the teacher I like best! Now I'm a little bigger and a lot smarter too, But I hope you wont forget me; cause I'll always remember you!
