**\*\*\* We are very excited to celebrate our Fourth National Scrapbook Day/Weekend with you!!! \*\*\***

**and.... if you can't join us, here are the top ten things to do on National Scrapbooking Day! (from the web & SG&M)**

1. Attend a crop or scrapbooking party! Of course, this would be #1 on the list! There is nothing better, and more motivating, than to scrap with friends!
2. Go shopping! No scrapper can resist buying some new goodies! If you find that you are on more of a shoestring budget, set a limit, say \$5.00, and shop for sales at SG&M!
3. Scrap by yourself! We all do this on other days of the year, but at the very least, do some scrapbooking by yourself today if you aren't getting together with others.
4. Learn a new technique! Stamping, chipboard, rub-ons, templates, Stickles,,, tons of fun!
5. Join a new email list! There are literally hundreds of scrapbooking email lists on the Internet, so why not join a new one! Become a 'Fan' of Scrapbooks Galore & More Facebook page!
6. Organize! Is your scrapbook area getting a little cluttered? Spend some time organizing and decluttering it!
7. Copy And Steal Everything (CASE)! One of the best ways to get ideas for your own layouts is to see what other scrappers have created. Spend some time reviewing your favorite scrapping magazines or visit a site such be inspired.
8. Try something different! Have you always wanted to use your rubber stamps in your layout? Maybe you would like to try the use of grunge board, the new Tim Holtz wire, jute, buttons, or ribbon? If you have always thought of using something non-scrapbooking related in your album, spend some time doing just that!
9. Teach! I think one of the best way to spend Nat'l Scrapbooking Day is to teach a non-scrapper your favorite hobby! Think of at least one friend or family member that doesn't scrapbook, invite them over (be sure to have them bring some photos), and let them use your supplies to create a few pages. Before you know it, you will have a new scrappin' buddy!
10. Take photos to scrap later.. remember, as you read on our wall: "Spend more time creating the memory than preserving it"

*Happy Scrapbooking (and Saving!)*
