

Pampered Pet Pages

Who says you need to use Pet Paper when you are scrapping your beloved pets?

Cari used the new **sei** line: *Claire*, glitter paper & flowers on the "it must be Love" layout.

Then she cut the **Real Wood** from **Creative Imaginations** and added **Bella Blvd's 'estate sale'** line for the "Makenna & Tyler" layout.

No cat paws or mice any where! **Try different papers with your next pet layout!**

Powder Tool Trick

and then add some 3-D dots! Voila! A 3-D masterpiece! Check out the Powder Tool at SG&M - a great addition to your tool box!
