Helmar Vellum Adhesive Spray

At last, we have found a spray for all your vellum & transparency projects!
Acid-free, non yellowing, dries clear....
A great addition to your tool box!

Must Have... **SPLAT MAT**

The splat mat is a must for your craft area! It's a reusable protective sheet that can withstand high temperatures and nothing sticks to it - glue, glitter, ink, wax, solder, hot glue, paint.

Everything wipes or peels off. It's a great way to protect your work surface and you don't even notice it's there.

TIP: It's especially handy when using Ranger's Tim Holtz Ink Blending Tool and Distressed Inks. Start your blending on the mat and work onto your project. Your ink will look more natural and you won't get the rectangle shape of the pad stamped on your project. Clean up with a mist of water. Compare it to Bazzill's \$17.99 mat)

SG&M's Exclusive 15"x18" Splat Mat - ONLY \$9.99
