### "Gather Round the Memories"

Let this altered cd mini be the perfect showcase for a collection of memories gathered from your past. Each cd takes shape as a beautiful page as you work your magic using inks, shimmer sprays, glitter and paper under the direction of Linda, certified Ranger instructor. Linda's classes are always packed full of techniques using lots of Ranger products and this class is no exception!

You'll complete 10 pages (5 cds) to be bound with a single book ring adorned with tattered and worn fabrics and lace. Make and use shimmer mists to alter papers and tattered muslins, make your own faux porcelain flowers, add little extras like the chipboard elements, tattered leaves and Idea-logy trinkets. Come to SG&M & see the project you will make!
